## A MESSAGE FROM OUR BUSINESS FOUNDER: ROD WILLIAMS

🔑 OUR COMMITMENT TO YOU, OUR CUSTOMERS, IS THAT WE ENDEAVOUR TO PROVIDE THE BEST VALUE SOLUTIONS TO YOUR EARTHMOVING EQUIPMENT PROBLEMS. 🗝️

Dear Customers,

Since RD Williams' inception in 1988, we have always focussed on our valued customers. As time moves on, we are continually engrossed in the challenges of this ever changing world.

The challenges handed to us by global financial circumstances offer a greater challenge than the challenges to our core business.

We remain a totally Australian owned and private company. Paying our taxes in Australia; our profits are reinvested in Australia in our core business of supporting the Earthmoving and Construction Equipment industries.

Our commitment to you, our customers, is that we endeavour to provide the best value solutions to your Earthmoving Equipment problems.

We look forward to meeting your challenges of the future as a significant supporter of your business.

Best Regards,

**Rod Williams**  
FOUNDER

# OUR COMPANY

Based in Brisbane, servicing clients nationwide, RDW are industry leaders when it comes to earthmoving equipment solutions.

Founded in 1988 by Rod Williams and Dick Karreman, RDW has successfully been established as a people first organisation. We are committed to our people, our customers, and providing quality solutions in all that we do.

We offer an extensive range of Machinery, Parts (new, reconditioned and used), Attachments, repairs and servicing solutions.

By using four dedicated business units, the RDW team uses our extensive industry experience and problem solving skills to find the best solution for our clients' needs:

- RDW Machinery
- RDW Excavator Parts
- RDW Parts
- Queensland Rock Breakers

### VALUES

Commitment to:

- Our people
- Our customers
- Quality and effectiveness in all that we do

“ 100% Australian owned and operated. We re-invest all our profits into the growth of our business, and continue to proudly pay all our taxes and generate employment in Australia. ”

# **RDW** Machinery

Highly regarded as one of Australia's leading suppliers of quality used and unused earthmoving equipment, our professional buyers are constantly sourcing machines in Australia and Internationally to ensure we provide the very best to our customers.

RDW Machinery is also well supported by our on-site parts and service facilities. We have committed sales specialists to assist you with Excavators, Dozers, Rigid and Articulated Dump Trucks, Compactors, Wheel Loaders, Track Loaders, Scrapers, Graders and more!

RDW Machinery has a dedicated 18 acre site in Brisbane that is completely Australian owned and operated.

## QUALITY MACHINES FROM QUALITY SOURCES

- Professional machinery buyers actively monitor the industry for quality equipment
- Offer machinery support with trained service technicians
- Fully equipped workshop
- Machinery is readily prepared to your specifications for quick delivery
- All machines are checked and serviced by qualified Diesel Fitters
- Global sourcing capabilities

## SPECIALIST EQUIPMENT

We have a range of specialist equipment, including:

- Long Reach Attachments
- Dump Truck Bodies
- Water Tanks
- Amphibious Excavator Bases

## AFTER SALES SERVICE

- Maintain long-term, working relationships with all customers
- Knowledgeable service and support teams available for advice or assistance

Through first class service, technical knowledge and capabilities, we have established an enviable reputation as a major supplier of quality Parts and Components for all earthmoving machinery.

From our roots in specialising in Caterpillar products, we have expanded to provide parts for an increasing range of manufacturers, including Komatsu, John Deere and Volvo.

Ground Engaging Tools (G.E.T).

Rebuilt components.

Workshop services.

## LARGE INVENTORY

Sourced from the highest quality suppliers from around the world and centred around providing the best value for money solutions, we offer genuine new, new replacement, used and reconditioned parts and components to suit most budgets, including:

- Engines, transmissions, and other drivetrain components
- Undercarriage parts
- Australian made grader parts
- Engine parts
- Ground engaging tools (GET)
- Hydraulic cylinders, pumps, parts and seal kits
- Filters, oils, and other consumables
- Loader frame, pins and bearings
- Exhaust systems
- Braking systems
- Electrical parts and components
- Suspension parts
- Cooling system parts

## REBUILT COMPONENTS & DISMANTLERS

Our workshop is continually wrecking machines for high quality used parts. All our rebuilt components are covered by workshop warranty, so you can be confident you are purchasing long lasting components to suit your needs.

## WORKSHOP SERVICES

Our specialist workshop facility, manned by fully trained service technicians, is able to undertake virtually any repair to our customers' specification.

- Machinery repairs on Caterpillar, Komatsu and other machinery brands
- Undercarriage replacements
- Reconditioned hydraulic cylinders and valves
- Rebuild facility of all major components
- All rebuild engines tested for quality and efficiency
- Field service breakdown and repairs
- Fully equipped workshops for assembly and disassembly of machines

## **RDW** Excavator Parts

As Australia's leading Excavator specific spare parts supplier and through being one of Australia's largest distributors for overseas manufacturers, we have the ability to supply parts and components to suit most makes and models.

Because Excavators are all that we do, we have become very good at identifying what fits what, solving technical problems and sourcing those hard to find parts.

With our fully trained staff and workshop facilities, we support everything we do.

Excavator attachments.

Undercarriage.

Workshop services.

**RDW** Excavator Parts
